

This Miscellaneous Report is in response to the FEC's request for additional information dated November 19, 2008 referencing Heart PAC's 2008 October Quarterly Report.

Specifically, the FEC has requested information about Heart PAC's administrative costs - such as: Rent, utilities, salaries, equipment, etc.

Heart PAC is operated by Robert Noland on a voluntary basis. There is no other staff. The work area for Heart PAC is housed voluntarily in Mr. Noland's home in Wichita, KS. As such, there are no salaries or rent/utility costs associated with Heart PAC.

Supplies and equipment are purchased from local retail supply stores when necessary and reported as expenses on FEC reports at the proper time for filing of such notices. (In times of relatively low PAC activity, purchases of supplies do not amount to a significant amount and are thus under the reporting threshold and will not appear as itemized disbursements in usual reports.)

Heart PAC does maintain a private mail box (which is leased on an annual basis) for the receipt of official mail separate from Mr. Noland's home.

Please contact Robert Noland with any questions about this or other Heart PAC reports. He can be reached at 316-655-9130.

END OF MISCELLANEOUS SUBMISSION (FORM 99)
